

KCC ADDS NEW PRESIDENT OF CLASS ACTION & MASS TORT

Eric Barberio Brings Substantial Claim Knowledge to KCC

KCC, a Computershare company and premier provider of administrative-support services for the legal and financial industries, is pleased to announce Eric Barberio as President of the class action and mass tort administration business lines, including the core brands of KCC, Gilardi & Co. and RicePoint, a Computershare company. Eric is responsible for the domestic and global growth of legal administration and support services in the class action and mass tort space, including strategy and operational delivery.

“We are thrilled that Eric is joining us heading up our class actions business.” said Stuart Swartz, CEO, Computershare Business Services. “Eric brings a wealth of knowledge in the claims administration business in addition to his leadership and years of experience as a consultant driving business improvements for his clients and the businesses with which he served, which we know will be leveraged with his team and into our business.”

Prior to joining Computershare, Eric was Vice President of Finance and Claims Operations at Paradigm, a large-scale national leader in workers compensation medical claims management. He was responsible for the financial and accounting operations, medical claims management and risk. Prior to that he was COO and Managing Partner of EBMI Management Consultants, a boutique consulting and professional services firm that focused on Fortune 1000 clients.

He was the interim CFO of Kemper Insurance's largest division (now Broadspire) prior to moving into the management consulting industry. Over the course of eight years, Broadspire grew at an exponential rate reaching roughly \$800M in claims volume. Eric has written several articles on accounting, leadership, technology and process improvement lifecycles.

Eric received his Post Graduate degree from the University of Oxford (Said Business School) in Global Business and Finance; and MBA from Palm Beach Atlantic University; a BBA in Finance from Florida International University. He is also a Certified Management Accountant (CMA).
